Year 1 Spring

Welcome back after the Christmas break. We hope that you all had an enjoyable holiday!

Maths

As mathematicians in Year 1 the children will continue to identify tens and ones and understand the value of number. They will also start to solve multiplication and division problems. We will also be solving real life problems for the four calculations. We will continue to count and divide numbers by 2s, 5s and 10s.

The children will learn more about fractions, length,weight, money and time.

English

In English we will continue to focus on the use of capital letters, full stops, question marks and exclamation marks when writing sentences, as well as using the conjunction 'and' 'because' 'so'. We will also use adjectives to make our sentences more interesting. Children will continue to learn how to apply prefixes and suffixes to words and the children will be given the opportunity to practise these skills across a range of different texts.

Children will have the opportunity to these skills when writing their own narrative linked to Traction Man and an information report about toys.

Spelling and grammar will continue to be taught during English.

Science

As scientists the children will continue to observe changes across the seasons. We will also be carrying out scientific investigations using their senses. Also, we will learning about animals and their habitats.

Religious Education

In R.E the children will be learning about the holy scriptures of Islam and Christianity. Also, the children will learning about the Holy Week of Easter.

DT & ART

As designers the children will be designing and making their own bear puppet. As artists, children will be developing their skills in screen printing and create collage of their chosen toy.

P.E

This term there will be a focus on performing dances using simple movements linked to toys.

History

s historians, the children will be learning about toys from the past, identifying similarities and differences between new and old toys.

Geography

In Geography, the children will be developing their understanding of toys from around the world.

Music

As musicians the children will begin to recognise the pulse and rhythm in songs. Children will learn to explore with wooden instruments from the past.

ICT

In ICT , the children will learn to To recognise different types of technology in school and at home. Also, they will develop their keyboard and mouse skills on Word. Children will learn about e-safety and will continue to experience computer coding.
